# User Instructions and Notes

**Swim Meet system is Y2K compliant.**

**Hardware and Operating system requirements:**

- An IBM compatible PC Pentium 150MHz
- 16MB of RAM
- 5MB of Hard Disk
- Windows 95/98

**How to archive a currently active swim meet.**

From the main menu go to the *Meet Setup* screen.

Press the “Archive” button. If the meet is already in the archive you will be asked if you want to replace it with current meet.

**How to restore an archived meet.**

From the main menu go to the *Meet Setup* screen.

Press the “New” button. You will be asked if you are sure you want to overwrite the current meet. If not you must archive the current – see instructions for archiving a meet. If you do want to overwrite the current meet you will be faced with three choices:

- Load and archived meet. If archived meets are available.
- Erase results and entries in the current meet. (This retains the meet setup information eg events, sessions etc.)
- Erase all meet setup information including entries, results, events and sessions.

If you select the “Load Archived Meet” option you will be provide with a list of meets that are currently archived. Double click on one of the meets and then return to the meet setup menu. A copy of the archive will be made and place in the current meet database. The archive will still be available if you wish to retrieve it again.

**Assigning Points and Placings after results have been entered.**

To assign points and placings to results the results must be printed or previewed in the results print manager. This screen accessed from the Results Entry screen by pushing the button “Prt Mngr”. Once in the print manager select the events that you wish to assign points and placings to by either double clicking on them or by selecting them and moving them to the print side of the screen. Then press the “print/preview” button.

**Limiting the swimmers list during registration to swimmers on one club.**

From the *Main Menu* go to the *Enter Swimmers* screen and select a club on the list by either double clicking on one or by selecting one. This will take you to the *Club Information* screen and on this screen press the “Swimmers” button.
